Single copies of the DAILY INTELLIGENCER for E. M. F. A. SEARS is authorized to receive subscriptions to the Daily, Tri-Weekiy and Weekly Intelligencer, and to contract for advertising and Job work to be done at this office.

nas omce.

""Persons in the city and the adjacent towns will be supplied with the Pally Intelligencer by Mr. F. A. Sears, a the rate of TEN CENTS A WEEK. This will afford an accommodation to many who do not wish to subscribe the year. Mr. S. will supply his subscribers punctually and at an early hour.

THE ELECION .- We are without further returns from this District, except from Wetzel county, where 3 precincts have the following vote: PIERCE 387 WILLY 87 CLEMENS 383

A CIRCULAR or extra issued from the office of the German Democratic paper, dated Wednesday morning, giving, as some of our German citizens informs us, some most enormous election returns;

is circulating in town. We think it quite probable, as that morning about two o'clock, we were startled in the solitude of our sanctum by a hasty visit from our German friend, who entered much excited by the election news and desired all the dispatches we could fur nish him, as he could not get into the Telegraph Office. We readily showed him all we had, say ing we would be most happy to accommodate him in that way. On looking at them he appeared much disappointed, and said he did not like them We really regretted that they somewhat dampened his ardor, but as we did not manufacture them, we could not furnish him with a better article We are glad that he found some to suit him, though we were not apprised that the Telegraph Office received any after that hour in the morning, stating that New York had gone for Pierce by thirty thousand! We think our German friend must be fond of joking. He insisted speaking to, us at the polls in the presence of several persons, that the usual Whig majority in this county, heretofore, was 1000! However, his communications to the public are mostly worse than Greek to us. Ein winet zu einem blinden pferde is so goot as

ein neiden!"

"THE WHEELING WEEKLY INTELLIGENCER," for the week ending to-day, has been issued, and besides being one of the most neatly printed papers in the West, contains the late election returns, the the West, contains the late election features, the list of premiums awarded at the late Fair, numerous articles on the life, character and death of Danous articles on the life, character and death of Daniel Webster, Colifornia and Foreign news by telegraph and mail, a review of the Wheeling market, market reports from the principal cities, poetry, tales and sketches, and an innumerable variety of miscellaneous matter.

No copies for sale at the counter this week, but subscriptions taken for one year or less; price Oxe Dollar per annum;-the cheapest paper in the United States. THE BUSINESS MEN of Zanesville have resumed

the custom, according to agreement, of closing their stores at half past seven in the evening, from the first inst. to the first of May next. For the sake of the clerks who desire, or should desire to have an opportunity during the long winter evenings for mental improvement, we are almost disposed to suggest a revival of an effort for a similar arrangement among our business men, though it once failed. The failure was probably owing to the want of united action among the clerks. INK .- A good article of ink, we need not inform

mercantile men and writers generally, is not easily obtained. Mr. J. Crumbacker, Druggist Main street, makes an article much superior to that it common use, and admirably adapted to metalic pens. The only objections we have recently found to it, is that it has enabled us to write more of a certain description of election news than was entirely comnatible with our ideas of correct chirography.

HORTICULTURAL AND FLORAL SOCIETY .- A move ment for the formation of a Horticultural and Floral Society in this city has been made by some of our citizens. Such an institution would contribute much to the improvement of our fruit and flowers, and should be encouraged. Persons who desire to join the Society can leave their names and subscriptions with George Wilson, Dr. J. Crumbacker, or at the Intelligencer office.

Go AND SEE the Panorama of Ireland exhibiting at the Melodeon, and you will be agreeably entertained. It presents a fine view of the most renowned places-the gorgeous palaces, the magnificent vales and mountains on the one hand, and weed-clad temples, the melancholy desolation and the wretched poverty and misery of the land of the Shamroch, on the other. Mr. O'Reilly's aned dotes will also enliven you.

LAND WARRANTS .- We have received several inquiries as to the price of land warrants. We see them but seldom quoted in the Western papers .-Thompson's New York Reporter quotes them in that city as follows:

Buying prices. Selling prices 160 acre warrants \$146 \$150 80 acre warrants 73 40 acre warrants 364 394

KNOE FORK .- It is said that the people of this famous place, who, according to the current tradition, once voted for six days, are done voting .-We heard yesterday that they voted until they got enough, and then stopped. We wish they had stopped a little sooner.

THE "VERDANAH."-We are requested to say that this new and beautiful Hotel, which is rapidly approaching completion, is not owned nor to b kept by "Yarnall & Bottsford," as reported by some, but by Mr. John J. YARNALL alone.

SALE OF THE COLUMBIAN. - The steamer Colum bian was sold yesterday to Capt. George Johnson, for \$2500, cash. She is designed, we believe, mainly for the pig metal trade. No one is more deserving of success than Capt. Johnson.

THE RIVER .- Last night there were two feet and eight inches in the channel, and rising slowly .-The same depth is reported at Pittsburgh. It wa raining nearly all day yesterday, and the prospect is favorable for a good navigable stage of water.

THE EASTERN MAILS failed last night. Another Railroad accident, probably.

Engraved (by permission) from Start's only original portrait, in the Atheneum, Boston.

This superb picture, englaved under the superintendigited artist, is the only correct likeness of Washington ever published. It has been characterized as the greatest work of art ever produced in this country. As to its fidelity, we refer to the letters of the adopted son of Washington art ever produced in this country. As to its fidelity, we refer to the letters of the adopted son of Washington art ever produced in this country. As to its fidelity, we refer to the letters of the adopted son of Washington part of the Supreme Court of the United States, who says, "As a work of art its excellence and beauty must strike every one who sees it; and it is no less happy in its likeness to the Father of his country. It was my good fortune to have seen him in the days of my boyhood and his whole appearance is yet strongly impressed on my memory. The portrait you have issued appears to me to be onexact likeness, representing perfectly the expression as well as the form and features of the face." And says Senator Cases, "it is a life like representation of the great original." President Fillmore says. "the work appears to me to have been admirably executed and eminently worthy of the patronage of the public." Says Marchant, the emment portrait painter, and the pupil of Stuart, "your print, to my mind is more remarkable than any other lakes seen, for presenting the whole individuality of the original portrait, together with the noble and dignified repose of air and manner, which all who ever saw him considered a marked characteristic of the illustrious man it commemorates.
